

Incident Report Example

Please complete one sheet for each incident of behaviour

Date:

Time:

Person reporting:

Others involved:

Where did the incident occur?

What happened before the behaviour of concern? (Consider cumulative stressors / unmet needs)

What happened during the behaviour incident? (Describe the behaviour incident objectively, including who was involved, where it occurred, and what the person with dementia did)

What happened following the behaviour incident?

What might have caused the behaviour to occur?

What strategies could you suggest or trial to help avoid the behaviour in the future?
